

# Art with a twist

## Spring 2012 Art Classes Classes Begin Feb. 1st 2012

Art with a Twist classes taught by Greg Nemec balance creativity and free expression with learning traditional techniques and drawing skills. A little art theory, a little art history, and a lot of opportunities to explore and be creative. See the descriptions of the classes offered this Spring below.

### **STOP MOTION ANIMATION**

**7 classes, scheduled individually or in two-person teams**

**Seven 90-minute sessions: Feb. - June**

**ART SHOW/ANIMATION VIEWING: JUNE 13, 5:00-6:30pm**

**Cost:** \$525 (includes all materials)

Each student will create one short animated film from concept to completion. The first two sessions are the preproduction process: story, storyboarding, character design, and creation of backgrounds and objects to animate. The final five sessions cover production (animating) and post-production (editing, sound, and credits). Each student will receive a DVD of all of the films created in the semester. **Motivated, focused students are a must in this class; drawing ability is not important. Email Greg for links to view previous student animations.**
