

# Art with a twist

## Winter/Spring 2010 Classes Begin Jan. 28

Art with a Twist classes taught by Greg Nemec balance creativity and free expression with learning traditional techniques and drawing skills. A little art theory, a little art history, and a lot of opportunities to explore and be creative. See the descriptions of the classes offered this season below.

### Class C:

**STOP MOTION ANIMATION**

**Private lessons, call Greg please.**

**Cost:** \$500 (includes all materials)

Each student will create one short animated film from concept to completion. The group sessions are the preproduction process: story, storyboarding, character design, and creation of backgrounds and objects to animate. The next five individual sessions cover production (animating) and post-production (editing, sound, and credits). Each student will receive a DVD of the films. **Motivated students are a must in this class; drawing ability is not important.**

### GENERAL INFORMATION:

All classes are held at the Pleasantville Presbyterian Church unless noted.

Classes follow the Pleasantville Schools calendar. If school is closed there will be NO CLASS.
